Thread: [Have You Ever Been Arrested? Been To Jail or Prison?](#)

**funtela** - December 8, 2016, 6:13 pm

Just wanted to know how many people on here have actually had that experience.

I'm actually still on probation from when I got arrested last year:

I got a felony when I was at Key West. I got super drunk and found a wallet at a bar and used the card to open a tab. I spent about \$300 buying every girl a drink lmao.

Turns out it was a cops wallet and I got into a fist fight with him.. He wasn't on duty though. But still, I'm pretty lucky I didn't do any jail time besides the 48 hours I was locked up in county jail waiting for my bail to post. I wasn't in a cell at the police station. I was literally in county jail. And the one in Key West is pretty freaking scary lol.

By the way, I'm not one to steal from anyone. It was my friends idea because the guy in the ID looked liked me and I was too drunk to say no. I thought "well the bank is gonna give him his money back anyways".

I got really lucky though. I got charged with 3 felonies and 2 misdemeanors. But once I'm finished with probation they'll drop everything except for one of the misdemeanors.

Do any of you have any experience getting arrested or jail/prison time?

**Juan The Young Chef Don** - December 8, 2016, 6:16 pm

I was charged and tried but never convicted. I was caught up in something stupid and because I was there I was guilty by association. They tried me but didn't have enough evidence. I was in a holding cell for about 8 hrs. Nothing too bad not gonna lie but for a 15 yr old it's quite shitty. I had the bad boy rep though at school for a bit and it gave me some notoriety not gonna lie I liked it at first but as time went on people only labeled me as a criminal when in reality I did nothing wrong.

**Mr. Robot** - December 8, 2016, 6:16 pm

Lol what the hell, you used a cops card to buy drinks - he should have been grateful because you coulda told the girls it was on him and he woulda got laid.

Yeah I have been arrested twice on small computer related crimes in Australia when I was living there - basically hacking the business WiFi networks and taking control of their systems - Bitch cops left me a nice scar on my wrist too from the cuffs.

**Tommy Chong-** - December 8, 2016, 6:26 pm

I got 'caught' selling weed. They took me to the police station where I had to stay in a concrete cell for only 4,5 hours because there wasn't enough evidence that the weed I had on me was intended to sell.

I just kept saying that I just smoke a shitload and bought all those bags to smoke lmao.  
Had to pay 250 euro's and free I was.

Now I've been in jail for a whole 4,5 hours.... when should I drop my mixtape?

They were questioning me for a while but i kept my mouth shut.

They mostlikely were looking/asking around for any evidence.

I had to give both my phones (private and weed) but the weed one was password protected.

They probably skimmed through my whole phone at that point.

**skelly76** - December 8, 2016, 7:47 pm

Good luck finding a job with that record lol. Good thing they get dropped after the probation.

**Alprazolam?** - December 8, 2016, 7:50 pm

Lets just say you guys have experienced 0 until you were put in a concrete wall jail for holding. I swear.

**Rickie** - December 8, 2016, 7:51 pm

I was arrested however, I wasn't put in Handcuffs. I didn't do any pussy shit though, I got charged with a Felony. Was cutting it close to possible jail time. The only reason I didn't get any was because I'm considered a minor.

**Techius** - December 8, 2016, 7:52 pm

Yea, it was a little over a year ago. I've changed since then though. I stopped hanging out with 2 of the kids I was with that drug me along. I also have a job now. I had 6 months probation with UA drops. I'd rather not have that again because I do enjoy my Marijuanas. All charges will be coming off of my record since it was my first (and hopefully last) offense.

What does that have to do with trust? I made a dumb mistake when I was drunk and I paid for it accordingly lol. It doesn't change who I am. It's a lesson learned. I'm sure a lot of people have done worse things and just got lucky they never got caught.

**test** - December 8, 2016, 8:03 pm

Closest I have been was when I was fucked up on MDMA on my birthday. My eyes were all over the place and my jaw was swinging like a pendulum. I walked out of the club and there was a cop standing right outside. I couldn't even string a sentence together and I got caught with 6 pills. Apparently I was pretty lucky because that is usually classified as trafficking or dealing but I only got done as personal use, maybe because it was my birthday. I had to go to some counselling thing for an hour with some old guy telling me how bad drugs are. The incident won't show publicly on police checks and will be completely removed after 7 years with no further incident.

Damn bro you got really lucky. One time I got kicked out of a club cause I was rolling so hard. Just like you said my brain wasn't able to form complete sentences when I was trying to tell the security that I was fine lol. They gave me some water cause I was really dehydrated and then we all left. I was probably on like 3 mollys.

**Sears** - December 8, 2016, 8:10 pm

I was arrested for being involved with a credit card ring at age 15. I was the middle man, the picker, and the seller. I picked up items purchased with a stolen credit card. then sold them for 50% of retail price. I made bank till I was caught in a sting operation. I got a felony for Grand theft.

**Therm?l** - December 8, 2016, 8:11 pm

I got 12 felony charges for producing fake ids, once I complete therapy it all gets dropped though.

12 felony charges and no jail time?! Damn bro you got really lucky. Why therapy though? I would assume probation. But therapy? Why would they send you to therapy for that?

**BR?ND?N** - December 8, 2016, 8:40 pm

I been arrested once, yes. However no charges, and it didn't go on my record. I stayed in a "counselor's" room for a few hours then I was picked up.

**N** - December 8, 2016, 8:43 pm

I've done 6 months on a plea deal when they were asking for 2 years + a day.

**Pion** - December 8, 2016, 8:53 pm

I am on community service because the guy I hit was injured and not dead. Though he had few bones broken he sued me and I was charged. xD

**Redwall** - December 8, 2016, 8:53 pm

I've been arrested before.

Not going to say why.

**SIM-3257834** - December 8, 2016, 9:00 pm

Some of us aren't stupid to get in trouble with the law or to look for trouble. So no never been in trouble or had a time when I was under for investigation for a incident. Only FBI investigation I had was for my security clearance. That was the only time where I had my finger prints in a DB and had a eye down on me.

**Mohammedks** - December 9, 2016, 12:18 am

Nope and hopefully never.

**TheChi?f** - December 9, 2016, 12:19 am

I've been detailed in school several times, if that counts.

**Sir Paul McCartney** - December 9, 2016, 12:28 am

Well, I've technically been to a prison, but not in the normal matter... I worked in one for several months as a part-time job, was "interesting", to say the least, had to be vetted and have my fingerprints scanned, so I don't plan on breaking any laws and going to jail/prison ever.

Most serious thing i got caught with whas distributing of xtc as a kid, did 8 months in juvenile. Arrested

Charged with 2 felonies  
Plead out to 5.5 years  
Sentenced to 1 year and 1 day  
Served 10 and a half months in prison

Also, there are a lot of misconceptions on this thread about being charged with multiple counts of the same crime and the lenient sentences that eventually stem from them.

15 counts of something will generally be plead down to 1 count of that something, and sentencing will be fairly easy going. This goes for lighter crimes though.

No not yet....

I have some problems going on at the moment and it's making me insecure about my future. every day I wake up before going to school I wake up with the thought that this is gonna be the day that the police is going to pick me up.

About two weeks ago I had to come to the police station to talk to them.

Beacuse the grand parents of my ex girlfriend reported me at the police because they think I stole from them but it actually was my ex girl friend stealing from them(she also had to come to the police station).

Right now i'm still waiting till I hear something again from the police but it for sure I will have to go to court and will be punished for something I didn't do I just was at the wrong place at the wrong time with a person I didn't know that well apperntly .

Because if this i'm in so much mental pain I'm have never really told any one this before expect my best friend but, beacuse of this I got in to a drinking and drug problem and whole lot more life struggels.
