<https://hackforums.net/showthread.php?tid=5098691>

THANK YOU:

I just wanted to personally say thank you to all of you who participated in the first annual HF time capsule and for making it such a successful event here in our community. None of this would have been possible without the HF community so again, a huge thank you to all of you. Let's make the second event even bigger and better than the first! To whoever who didn't get the chance to participate in the first event, now's your chance! ?

Hello and welcome to the second annual Hack Forums Time Capsule!

The purpose of this time capsule?:

Every time you change your avatar, signature, get a positive/negative rep, receive a warning, get banned, gain an award, or increase your post count, your profile changes. It can be stats, appearance, anything. What this thread will do is create a place for you to save your past profile data such as what I mentioned above. I mean, who doesn't like seeing how their account has changed over time?

How it will work:

What you'll do is go to your profile, take a screenshot of your profile, and then come back here and post that screenshot. My job will be to copy the post ID of your screenshot and paste it into a list in the OP so that it's easy for you to find. This thread will close on January 1st, 2017 and will re-open on December 10th, 2017. When I re-open the thread it will be bumped so that everyone will be reminded of this time capsule, and then rinse and repeat next year. ?
