2nd EDIT: Taking away the guys profile so I can keep his strategy to myself.

EDIT: He's up 2 BTC in 6 hours. I'd love to get a hold of his script.

When you have a bigger bank and are willing to risk it all it isn't all that hard to POSSIBLY make that much. Seen more quicker but they took a bigger risk.

God damn that's some good money made from BustaBit.

When I use to gamble I would always get so unlucky on that site.

Earth-616 - December 10, 2016, 8:07 pm

I've doubled my money a few times then lost it all lol

Now he's at 1.8 and survived three rape trains. I don't know what strategy this guy uses. Hey KilJoy if you see this you may want to try it. I don't have enough to money to test at the moment.

Can you PM the account profile link?

Jesus Loves You - December 10, 2016, 9:37 pm

The guy just lost 0.7 BTC in 3 bets

And... that's why you don't gamble.
