†

As per usual, I will keep this short and sweet.

I got access to a login list for 140 uPlay accounts, all of them have games on them. Some games are for PC, some XBOX and some PS.

†

To cop this list just post below of PM me, all users welcome. Just be sure you don't change the passwords on accounts as it will alert the real owners and lock the accounts.

Enjoi.

This seems really cool, would you mind hitting me up with this?

Also, would you mind telling me how exactly you got this list? (you probably won't tell me, but I'm very curious so I decided to ask anyway)

Thanks in advance!
