Need For Speed: Most Wanted, that name brings back childhood memories. I used to play that shit on the PS2 and beat the game at least 20 times

My uncle actually played this game a lot too so he showed me it

So who else used to play this game back in 2005

Youtube Comments - December 11, 2016, 8:19 pm

Unpack that shit and relive your childhood ?

Dean Winchester? - December 19, 2016, 4:51 am

I mean NFS: Underground was my first and I still consider it one of my favorites

Most wanted wasn't as good tbh

Pretentious - December 19, 2016, 6:50 am

My favorites were Underground, UG2, Undercover, Most Wanted: Black Edition and "The Run". Speaking of which, I still have all of these.

Manks - December 19, 2016, 6:51 am

This game is on mobile now, but it's not as good as the good ol ps2 days

ogRizah - December 19, 2016, 7:02 am

Vouch heavy for this game. Part of my childhood and just an amazing game overall. So much fun!

skelly76 - December 21, 2016, 4:15 am

Someone PM me how the fuck to get this on PC

Bluffer - December 22, 2016, 12:26 am

Wow man it seems like such a long time ago that this game came out... I remember almost all of the need for speeds... Underground was the first one I played when it came out in 2003.

Bought NFS Rivals a couple years ago and didn't even play it that much.

For driving games I'd say The Crew is the best currently out.

I got The Crew when it was free and grinded the hell out of it lol it's pretty good

Birdperson - December 22, 2016, 7:35 am

TheSpotifyKing - December 22, 2016, 7:37 am

Holy ****. Please don't be joking, I'll buy it as the first one.

FractumSeraph - December 22, 2016, 7:42 am

Most Wanted and Undercover were the best. Underground 2 wasn't bad, but it wasn't as open either.

I bought the mobile version of Most Wanted on android last year. Total waste of money. It's a completely different game.

(I was hoping it would be like San Andreas, which is just a port with a few updates...)

Imbue - December 22, 2016, 7:46 am

This is still my favourite NFS game, the others have never compared to how sick this game was. A remake would be ace!

Wakka - December 22, 2016, 7:47 am

PS2 games like this were awesome, mostly because we had yet to experience that type of gameplay and graphics.
