Thread: [Web Designs & Development. HQ Landing Pages, Scripts & Anything You Need \[Service\]](#)

simno - December 12, 2016, 7:41 am

Hi everyone. I have a long experience in web development and web design, so I can help really you.

I can create HQ landers, any kind of websites, web scripts and so on.

Please feel free to contact me and ask what you need.

Skills I have:

HTML, CSS

Javascript, jquery

PHP

Mysql

Wordpress

UX Design

Graphic Design

I can do more besides of web developing.

For example, I can help you with Internet Marketing. Since I am working on it for almost 5 years, I have a lot of experience on many methods.

Many of you may want scripts or themes. I can do that. For example:

Referral (Friend Invite) Script

Your Own Content Locker / Offer Wall Creation

Hide Traffic Source

Create/Edit/Clone Landing Pages

Fix/Edit anything on your website

Setup CPA postback

Setup auto CPA offers feed

Make your website hard to clone

And more...
