Thread: [Mega Resource Compolation](#)

Bkotz - December 12, 2016, 10:49 pm

So I compiled a bunch of my resources off my old hard drives and I figured I would share it with you all.

It contains:

136 Brushes

801 C4Ds

957 Fonts

148 Fractals

268 Renders

880 Stocks

These are not created by my but are from packs i have downloaded over the years.

Only place that might have duplicates is the c4d folder, some of them are to similar to glance through and delete duplicates.

Enjoy. If you use it in a piece share it in the Rate My Graphics section so i can see.

Can you upload a preview by any chance? I might actually get back into tagging. I stopped as soon as I actually got decent feedback on my pieces xD
