

Forum: [Hack Forums](#)

Thread: [Active Forums](#)

phunted - December 14, 2016, 12:48 am

I am having trouble finding any active forums, even semi active forums.

Mainly interested in general, anime, music & gaming.

If you got a forum that needs activity let me know and I'll check it out!

Description - December 14, 2016, 12:51 am

I've been trying to find a really active gaming forum.

Not sure if this is a troll or not. Check your URL bar. Might find one there.

HF is active but not in those listed sections

EDIT: Well, gaming at least.

You'll just have to go to forums that are dedicated to the topics you're looking for bud.

sugartools - December 23, 2016, 3:30 am

There is Darkforums.net. It is not very popular and have few users. But You can talk about games in the forum. Also I am a moderator in this forum. If you need help let me know

Register to www.v3rmillion.net -- community has marketplace + lounge + other things.

PoppetUK - December 23, 2016, 8:20 am

I've been on the search for a some what decent gaming forum, they're all full of scrubs
