Thread: [\[The Society\] \\$1500+ Christmas Giveaway \[ALL MEMBERS\]](#)

**Lauren Southern** - December 14, 2016, 12:55 pm

Afternoon HF,

This is our first giveaway as a group and we would like to start off strong in the spirit of the holiday season! We will be giving away over \$1,500 in cash and products to ANY HF member. Note, not all these products/prizes are cash and you will not receive cash if the prize is not a cash prize.

We believe actual products/services would benefit the end user and the entire marketplace much more than some bitcoin would. Hence why we only are giving out limited cash prizes.

How to enter:

Simply fill out the little form below and post! 1 entry per person. We will select winners on Christmas Eve and deliver on the day after Christmas.

Code Name:

What prize would you like:

How is your holiday season going?:

We will random.org/random gen site the entries per prize and select one winner per prize. If there is an overwhelming entry for certain prizes we will randomly give leftover prizes.

If I give you one good idea how long can it last and what could you use it for?

(Dec 14, 2016 07:47 PM)- Sam - Wrote: [CITE](#) What are you talking about lmao. OP said a HF product and services giveaway is better than Bitcoins. It's not is it? With Bitcoins a member can choose what product or service they want whereas if they win a product or service they might not know how to use it or ever need it.

That's not what I mean lol

I know we have different beliefs sam, and I know you're just a bad minecraft builder (JK ?). But it's believed, by me at least, that a small amount of money one time is not worth a possible idea to which may be gained.

Anyway, if you don't agree with that just sign up for the cash giveaway instead :)

What prize would you like: \$10 PayPal

How is your holiday season going?: Tough, I'm 22, but I'm in charge of my household, I work multiple jobs, attend school, and care for my ill mother. Fortunately I was able to make a big meal for my family and friends on Thanksgiving and had plenty to share with my coworkers from my jobs. I'm glad I was able to cook a meal everyone enjoyed for Thanksgiving, and thankful for the fact that I was able to afford to do it. Christmas is coming up so now my expenses have gone up again, trying to get the many members of my household and a few close personal friends gifts. I ask for \$10 PayPal because I do not know how to convert more over from BTC to Paypal, and PayPal is easiest for me to place into my bank account, really any amount helps, so I'm happy with that. Thank you The Society for hosting this competition, and good luck to all those who participate in getting what you want.

How is your holiday season going?: I wouldn't say that it's been going great, but it certainly hasn't been bad. My father slid into a ditch with his semi-truck, luckily no damage was done to his truck. It was pretty scary when I heard this news, but I'm glad that he was okay, and he was also in middle of a 50+ car pile up in Nebraska or something, not sure where it actually was, but he was in front of a RV and was blocked by other cars, but he told me that he could here crashing left and right, it was pretty scary that he went through all of that, and I never thought that was going to happen. Anyways, that being said, I've been doing fine, going to be spending time with my Family this week for Christmas, and hoping to have a ton of fun on the Holidays. My winter break starts tomorrow after school, so I can spend more time with my family, and on here as well. I would highly appreciate the \$25 BTC, and would like to wish good luck to all contestants.

Thank you for hosting this.

Have a good one guys! Stay safe on the Holidays!!!

Just accidentily ran over my neighbor's cat with my DODGE CHARGER while I was leaving to pick up my Christmas WELFARE check. Looks like I won't be able to buy those JORDANS that I wanted for KWANZA. Will have to work overtime at my job as a KFC MANAGER to buy my momma extra gin and licorice. Merry Channukah
