Thread: [Make Easy Cash <MENTORING> 3 USERS ONLY <--- Start making \\$30 daily | Semi-Autopilot](#)

EricCartmanGO - December 15, 2016, 12:41 pm

Some of you will have seen my bragging rights threads and I've been asked to mentor some users so today I'm going to be doing that. I've decided to only offer my services to three users for a small cost.

Price to be mentored (until you're making \$30 daily): \$200
One week: \$75

I will say this now and only now, you will need a minimum of \$40 to get you off the ground. I will make a small purchase for you for an additional \$3.75 saving you a small amount.

FAQ (Will update, leave questions and queries below):

May I claim a Vouch copy?

No you may not. If you're unable to put your trust into me unless there's a review I am not willing to do business with you. I hope the evidence provided on my bragging rights threads is enough. If you need more evidence, PM me your Skype and I'll screenshare.

How do we know this will work?

You don't until you've tried. However, it has worked for me so why not you?

Is this normal HF cpa shit bollarks etc?

No, this is not - I've never understood that shit so yeah it's not, this is all legal but it breaks a websites Terms of Service (ROBLOX.com).

Does this involved any illegal activity?

No, look what I said just above.

Is this a ROBLOX method?

Yes it is.
