bandors - December 15, 2016, 5:16 pm

https://www.bustabit.com/leaderboard?by=net_desc

my bustabit acc bandorss won 23.3 bitcoin on a 40\$ deposit. A buddy showed my the site and I registered and deposited some money to check it out. Ended up pretty lucky I guess.

I never made a thread until now, because I thought this happened a lot. Said I was like #302 or something. But then I checked the leaderboards, and I saw on the leaderboards im like #25 for total profit. Most of the people above me make huuuge initial deposits. I think im one of only a few who has the highest % return on investment.

Pretty neat, kinda lucky. :P

slowly gambled to 1 mil bets then this happened

Dredd - December 15, 2016, 5:17 pm

Can vouch luckiest guy alive.

Rentox - December 15, 2016, 5:17 pm

Hey man that's pretty dope. Congratulations on your winnings. I would just walk away with that and invest honestly. Good job :D Can vouch luckier than me, random black women hit my car, then told my insurance I hit her, and based on damage it's considered no fault, despite her switching into my lane and doing damage to side of me car. xD

Therm?l - December 15, 2016, 5:17 pm

still can't believe you won so much, im barely at 400k profits

Fudster - December 15, 2016, 5:18 pm

That is all.

(No. This is not a vouch)

But yeah OP. You just got lucky. Your best bet is never to try again.

You would just end up losing \$\$

Regulus - December 15, 2016, 5:18 pm

bandors - December 15, 2016, 5:23 pm

I'll eventually dig through the logs (someone else can if they want) but if I remember right, I gambled to 1 btc with a couple big wins, then quadrupled a million bits four times in a row.

Contact blackshadow immediately if you want to pay a small one time loan of \$1,000 to learn how to lose all of your life savings and slowly fall into a crippling gambling addiction that will ruin your life.

It would be your best bet OP, best of luck to you.

Punisher - December 16, 2016, 12:54 am

The Illuminati overlords have awarded you for your endurance and hardships. You've advanced to elite status.

Congratulations, brother! This is a glorious day in history. Baphomet has embraced you.

You are the Hidden Hand.

Yes, because \$18,000 is enough money to make a life like that work. Don't fool yourself, Bandors.

@Bandors,

You're doing great so far, now go and enjoy those hookers ??

I mean I'd rather earn \$500 with \$40 stake thanks to a script than hope to win \$1000 with luck haha.

At least Minimalist didn't win \$18,000 and think he's rich.

I can guarantee you that, if Bandors goes through with his plan, he'll bankrupt within 1 month tops. Getting a luxury apartment in Bangkok AND hookers & cocaine parties with only \$18,000 isn't possible.

I understand he may think this is a lot of money to posses, but it's really not for what he wants to do.

Maybe, but definitely not enough to sustain this lifestyle he's aiming for. Plus, don't you think it's a bit suspicious he's going for this crazy around the world travel ONLY after winning the \$30,000? Yeah, it won't end well.

I don't think he mean to say that he will live ONLY of Hookers and cocaine or whatever.

I think he won more (or earned more) because he bought a group as well (Illuminati) so I assume he knows what he does.

Anyway, not here to defend / attack anybody, just saying what I think.

Yes, that's perfectly fine, but my issue is that he blew \$5,000 on a group after winning big money and then decided to go on a pretty expensive trip and now he wants to purchase a house there too?

I'm just saying, if Bandors doesn't have enough online income to support his life over there (other than the money he won via BaB), he's fucked.

I see your concerns here and I get them.

Although I agree on that point, I still do think he's smart enough to find some money resources where ever he goes :)

To the people saying "18k isnt enough to sustain my lifestyle of hookers and coke"

I already have a stable online income. I just have a lot more cash in the bank now.

Ima livestream these parties im srs
