Thread: [\[CHEAP\] ==>> PSN CURRENCY SHOP <== Get PSN Currency With BTC](#)

FiftyTwo - December 17, 2016, 1:13 am

Welcome to my PSN currency shop.

Over here, I'll be selling the PSN currency and PSN membership codes that I have in stock. If you have an offer for a specific code, PM me and I'll either accept or counter-offer.

Current Stock:

I DO NOT HAVE ANYTHING IN STOCK.

ANY PMS REGARDING THIS WILL BE IGNORED.

I WILL UPDATE WHEN I DO HAVE STOCK.

Notes:

All codes are obtained legitimately and legally.

Codes that are bought from me will need to be redeemed live over join.me but if you are reselling these, it's your responsibility to keep them safe while in your hands.

I remove all codes from my system once sold.
