nice work man! i could never draw this (:

Really well done. I like the clothing on this piece over your last piece where it looked like you had the original clothing behind it. The noise on top might be better gone in this piece and I think you need a revamped logo haha. Your vectors are amazing though detail is very nice and everything is really clean.

Colon.y - December 20, 2016, 4:53 am

I really like this piece and the lighting looks great. Did you add the noise/grain? Or was that just Imgur compressing it lol? I can't tell, lmao.
