Thread: [Watched Say "I love you"](#)

oscast - December 17, 2016, 8:22 pm

I have no words other than I loved it so much. It was such a pace change for me when I usually opt for romantic comedies but this was straight romance and I loved that

What did you think of it? She never did say I love you to my knowledge sadly. What would you recommend after watching it?

Mind linking the MAL? I swear I heard of it before, I am in dire need of Romance. I usually remember the Japanese name.

Oh I think I had it on my PTW. Sadly, if they don't say I love you I don't want to watch it. :')

Sadly, if they don't say I love magic, I don't want to watch it. ;_;

I've yet to watch it. What did you like most about the show?

I really liked the art style. I'm not one for having the beginning of the romance to drag out, it got straight to the point and I loved it. It's one of the more serious ones that I've seen. Some hiccups here and there which top it off (misunderstanding). As of right now I'm starting Kimi ni todoke

I just finished it after seeing this thread. Never watched a romance anime before, but it was great. Fuck Megu.

It's a really sweet and tender story. If you liked it, I also suggest Kimi ni Todoke. It's a bit longer but just as sweet and adorable.
