Thread: [for i'm looking for a partner in crime anyone?](#)

Mr.Z47 - December 18, 2016, 5:09 am

im looking for a partner who knows a lot of things about hacking. anyone wants to be a cellmate?

What are you actually looking for? Is it someone to "teach" you various things about hacking. or someone to do your "Dirty work" or are you attempting to hire services?

This post is a little miss leading. Could you please be more specific in order for us to be able to assist you?

I can be your partner but not for free.
