## Viska's Bustabit Script

### About The Script

I have personally profitted around 120k bits with this script itself. It is actually quite reliable and I have been able to run it over night a few times but as always gamble at your own risk. There is also an anti-rape train system implemented that will make sure you don't lose all your money when a big red streak comes in. Very cool script and hope it makes some good profit for the community!

### Get It Now!

Simply PM me to receive the script itself and some info about how to use it. Goodluck to all!

GOOD LUCK AND HAPPY HOLIDAYS!

i like it how you included "anti-rape script" i dont really think any script can bypass a rape chain. if this one really does, hmu
