Thread: [Looking for a companion](#)

Sherl - December 18, 2016, 10:43 am

I am looking for someone to learn with and from, someone to work with and to compete against, a friend and rival, contact me if you are interested ?

liam270591 - December 18, 2016, 10:53 am

Why would you ask people to PM you, When you can't respond back to their PM's yet? Is there a specific side of hacking you wish to learn? Do you know anything about hacking / cracking / Coding anything?

ChaosComputerDude - December 18, 2016, 10:55 am

im here to help with support and malwareremoval
for my own enlightenment i visit the lounge or learn in the money-making section
if you want to get into cpa with a newby ,lmk on this thread

Not Your Average Orange - December 18, 2016, 11:00 am

I did a quick [search](#) (which I highly recommend you do) and found these:

[Faith Connors \[probably the most active one, but the application process is strict\]](#)

[\[Mentor\] ShadowByte \[Mentor\]](#)

[\[Hacking Mentor \] Wanna Web Hacking Mentor !! --Come Here \[Hacking Mentor\]](#)

[Need a RAT Mentor? | RAT Setup | SJDB | RAT Mentor | Professional | 150+ VOUCHES](#)

[\[OPEN\] ???Get A Mentor ??? \[Knowledgeable\] \[mature\] \[L33T\]](#)

Threads range from newest to oldest. (First being the most recent, last being the least recent)

Relatively new to hack fourms: however, I am an experienced hacker, I would be willing to help and teach you.

contact me via email and we can find another form of communication: maxdax99@gmail.com
