Let me just say I am on my first lesson and it is a great experience! He is friendly, engaging and very cool. He knows what he is doing. Give him a chance and I promise he will not disappointed. If you have no experience in SQL or anything web related he will give you everything you will need to know. I vouch for him. I will keep updated with each lesson. So far amazing. ?Thank you for purchasing! If you want to be this happy, just buy our CHEAP service!

He is very knowledgeable, helps you through every problem and will answer any questions you have in great details. I am in the middle of lesson 2. Keep up the good work. :DWe assure quality and satisfaction, just like one of or customers describe!

We began our first session and all I have to say is wow! He is teaching me basics and its amazing. If you are looking to learn from this guy, DO NOT HESITATE! He was awake at 5 am, and also told

me he was sick, and I offered him to stop and continue tomorrow but he is determined to do what you paid him to do so he continued the session, amazing dedication from this guy! Tomorrow I will be learning more from him and I couldn't be more excited for it. \$50 well spent! We are dedicated and make sure everyone is SATISFIED!

So, make the choice of a LIFETIME, TODAY!

I will be purchasing this tomorrow, and I will keep you guys updated on my progress.

Edit:

Lesson1: I've learn a lot so far and his knowledge is definitely there. Like most of the things he's teaching me but he's filling in all the blanks and he answers all questions calmly and respectfully.

I really enjoy talking to him as well as the academy, they are very kind and nice to you as if you were their friends from the beginning.
