Thread: [Most R rated anime out there.\(in my opinion\)](#)

AnonymousBuffalo - December 19, 2016, 12:03 am

In the world of anime there are a shit ton of anime. So I found a ecchi anime that stamped everything to be the most R rated anime. Its like pornhub in an anime(In other words its really just a hentai). Anyway the anime consists of two twins, brother and sister who arrive back to there hometown after there parents passed away. Being the only two left in the family the older brother took charge of the household. There are three main arcs each one with its own story though the arcs are so different its like one arc never happened. It has uncensored sex scenes and nearly all arcs end with sex and theres even incest. Really its your choice to see how good the anime is. In my opinion its not that bad the storyline is kind of messed up but in the end it is fun to watch.

Though the art and sound is really nice. I am not going to spoil anything but I can tell you this the main protagonist has had sex with nearly all of the main characters. The anime expresses love between two characters pretty good in my opinion just too rushed and not well made but whatever.

The anime name is Yosuga no Sora

Hentai has all the plot you will ever need.

OT: This anime wasn't even that R rated, sure it had its scenes but nothing really bad

Haven't personally read this but I've seen some panels and it's pretty fucked up. There's even a chapter titled Rape.

They have nice plots sometimes. You get a lot of situation when you came and finished but you keep watching because the plot is interesting.

realromeo - December 21, 2016, 12:50 am

So who/What got you to watch anime?

BR?ND?N - December 21, 2016, 12:56 am

Have you like never seen Bible Black or what.

Reading the description and I instantly thought "Yosuga no Sora" then I read a bit further and that was it. Haven't seen it yet though. I've heard Seikon no Qwaser is pretty up there in terms of porn status.

I thought that posting about content like this meant account closure. Or am I wrong in assuming that in my absence?

I think that rule applies more to posting photos than to talking about Yosuga no Sora, which isn't even hentai

Seikon no Qwaser is more into the boobs side, Yosuga no Sora goes to lower parts.

@OP, Never even heard of it, so can't be too bad. just try a few episodes around the end like ep 10 11 is where all the sex scenes are

It's kind of ironic. Searching / caring about how "R rated" or "adult" something is, is actually incredibly childish.

P.S. Yosuga no Sora last arc is p good. Sora is mega cute.

?-? ??? ????? - December 27, 2016, 3:21 pm

Lmao it's just a porno dude smh... searches up the anime and starts violently jerking off

Yandere - December 27, 2016, 3:24 pm

Isn't that just hentai then and not actually a 'anime'?

and yea sora is cute as fuck but then the rest of the girls so sad anime girls aren't in real life. And the last arc was undoubtedly good had great romance and even a caught incest scene

Hmm well the truth is there is a plot and its a pretty okay/good one so I would say its still a anime.

Aura - December 28, 2016, 4:06 pm

We all know this Anime is just softcore Hentai. Nothing new here.

skelly76 - December 28, 2016, 7:03 pm
