Thread: [How do you all name your business when selling items on Amazon, Ebay, / shopify?](#)

Reporter - December 20, 2016, 2:56 pm

Maybe wrong section, not sure.

But for all of you that sell on Shopify, amazon or ebay, did you name your business something special or just random?

Come up with your own name. Otherwise you won't like it as much.

I am not looking to copycat, but more like ideas and more insight on how other users came up with their names to bring even more ideas
