GFX Request - Dawn - Innuendo Sector

Hello! Dawn is currently searching for graphics for our new Innuendo related sector.

This sector will be similar to past groups such as 143 & Phoenix.

Things that we need:

- Header
- Spacer
- Icon

We would like to have bright colors (similar to Dawn's). Other than that, you have free creative reign.

Please post any portfolios/samples you have in the thread.

You are more likely to be chosen if you submit any ideas/samples pertaining to the graphics of the sector.

Deals will only be done via PM.

\$25
BTC/Paypal

I've done some graphics for The Order sub-forum as well, plus over 80 members on HF alone. Would love to work on this project.
