Thread: [\[Professional\] Pentesting Service|Trusted|Legit \[Professional\]](#)

Academy Awards - December 22, 2016, 7:02 pm

We offer top notch professional work!

Thread image soon!

We will search for any bugs & vulnerability's at your web app

We will scan your server for any potential vulnerability's

We will make you fully detailed report with bugs and vulnerability's if there & how to patch it

Cost is \$100-\$150

Prawnster - December 22, 2016, 7:05 pm

Do you actually pentest or do you just use simple scans with shit like nmap? :D

Mr. Robot - December 22, 2016, 7:06 pm

Do you have any "vouch" copies available. I would love to test your skill set.

100% pentesting for all known vulnerability's

searching for 0day if you provide the source code but will be Extra money

also no shitty scans at all you will see no unlimited requests to your server sir ?
