No fancy thread as this is a "Simple" Thread

Hello Guys

So yesterday i introduced myself to this forum, and on the same day i made a Giveaway/Service thread for Spotify Premium Accounts, which was about Upgrading Peoples Personal Accounts to Premium (That will last forever) and now that the service/giveaway is over, im gonna start selling my method.

This method hasn't been seen before on this Forum. And it lasts forever :P!

This Method doesn't Include:

- Blackhat
- Carding
- Paypal chargebacks (Or just anything with paypal in general)

This method requires:

- A Mexican VPN (Which can be found free)
- A Brian
- 40 Seconds of your life to be able to upgrade the acc.

Link to AUTOBUY: <https://selly.gg/p/ac653bf0> Only taking BTC for now.

And yes, everyone will have the right to resell this method :) i want it out to the public while its working.

For now im not giving Vouch Copies, so dont ask. I have people vouching for me on my other thread.
