The grammar in this was top notch. I didn't notice any mistakes, and the OP got his point across very well. 10/10

The layout was fantastic. OP provided pictures to help you understand what you'll be doing, and he gave you links to all the resources required. 10/10

The method in this is very easy to perform, and can definitely make you a lot of money with a little work. I will personally be trying this out, and I recommend you do to. 10/10

I would highly recommend this eBook, you can make quite a bit of cash with it easily. 10/10, Vouch for Juicy-!

Unique and I've never seen it before.

(Apr 23, 2015 07:51 PM)?Illuminati Wrote: [\[CITE\]](#) I received a copy of this eBook and this is my honest opinion of this ebook. I am in no way shape or form affiliated with this product nor do I endorse it.

[img]http://www.animatedgif.net/barslines/bar_eleg_e0.gif[/img]

Upon reading this eBook, I immediately realized it was a gold mine. Not only is this method 110% unique, it is easy to do. I personally never seen this method before in any eBook and I can almost guarantee you that it will work. I am defiantly going to try this method out and post proof that it indeed works.

Ease of Use: 10/10

[img]http://www.animatedgif.net/barslines/bar_eleg_e0.gif[/img]

Like most methods, work is involved. The work for this is very simple that it is almost autopilot. Most of the things required can be used by creating a template and repeating steps with minor editing. The only "work" involved is gathering information. I say work in quotes because everything is basically handed to you. Somebody that knows nothing about making money online can easily profit off this method. The author goes into detail on what you need to do and gives you examples on how to accomplish your tasks.

Grammar: 10/10

[img]http://www.animatedgif.net/barslines/bar_eleg_e0.gif[/img]

I did not see any grammatical mistakes in this eBook. Even though most people don't care about a grammar rating, I believe it is important because good grammar makes wording flow and easier to understand.

Layout:10/10

[img]http://www.animatedgif.net/barslines/bar_eleg_e0.gif[/img]

Hey for a working method, a design is the least of my worries. Like some eBooks that use a fancy design to mask the BS of their method, this does not. Everything is straight forward, although a colored background would make it look more presentable :P. You are paying for a method not the design. I have this section because I honestly believe a eBooks should be crafted with creativity.

Overall: 10/10

[img]http://www.animatedgif.net/barslines/bar_eleg_e0.gif[/img]

Honestly, this eBook is for everyone. Anyone, I mean, anyone can make money using this method. This method is so semi-pilot that it can be auto-pilot. I kid you not, you will probably have to spend 15-20 mins a day tops to see the money roll in. Like I said this isn't some BS guide made by someone looking to make a quick buck but a method that will truly work. The author offers support which is nice if anyone gets stuck, but I doubt that you will need it. In simple terms, the method is simple and will make you money. I rate this product a 10/10 because I believe it truly deserves it.

I am ?Illuminati and I APPROVE of this review.
