Thread: [Problem](#)

Hi guys I have a problem (I am a new user)
Why I can not post in the RAT section?

You don't meet the requirements yet buddy.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

You need a prestige of 25.

My god, is a lot?

Only 1250 posts. Thats not much.

Prestige is also earned by having awards, spending time online, getting rep, etc.

inb4 OP becomes legitimate prestige "hacker" just to get 25 so he can post in the DarkComet section.

I get it, thank you guys!!

I believe you can upgrade to L33T as well.

There was a petition ran by the user Business, regarding requirements to the RAT section, if memory recalls me correctly Omni agreed and imposed limitations (Minimal posts and prestige, I

THINK) as part of being able to post in that section.

This was done in an effort to reduce spam and recurrent shit posted questions like "How do I RAT?" kinda deal.

Pretty much sums this up, although I don't think awards have a damn thing to do with any of it.
