Title says it all. You must abide by the site rules. In doing so, you must maintain a ratio. As an inviter, I have to abide by the following guidelines for invitation:

Therefore, if I don't feel you would be suitable on IPT, I will deny you and give the invite to someone else.

Contact me however you see fit - I WILL need a VALID email address to send the invite to.

You will regret this, cannot trust anybody to maintain their ratio and seed each torrent for 2 weeks.
