I know of a few services that are in most major cities. Invite links literally cost like \$30-\$100 btc. They offer the whole "type of girl" type feature but girls are usually just random tbh. Still good for getting hookers and not arrested.

I hear that if you just go outside and drive your car down a sketchy street at night you will find pussy.

Condoms - December 28, 2016, 5:13 pm

Backpage solves everything. That and Craigslist.
