I got some weed and money, but no gun. If you can wait like 2-3 hours I'll do it with my dad's gun.

\$3 btc, though.

Is that easy to have a gun in the United States?

Fortunate - December 29, 2016, 10:24 am

In some states you're allowed to have a gun at a really young age, but you can't carry it until you're 18. I'm 16 and if I wanted to I could go to a gun store and get a gun within 5 minutes. Of course I would need someone who is over 18 with me, though.

I have an AR15 and several thousand dollars if you'd be interested in that.

Not sure if seeking pistol or a rifle.
