Thread: [\[\\$5 BTC Prize\] Domain Name](#)

Lucifer's Inferno - December 29, 2016, 2:31 pm

There's a \$5 prize for the person who can come up with the best domain name for my site. The purpose of this site is for Digital Accounts such as Netflix/Spotify/Hulu etc

If I choose to use your domain, I'll send you a message! You don't have to include ".net"/".com"/etc if you don't want to.

Goodluck, I'll close this whenever I find something I like

EDIT: I'm looking for something like "AccountDispenser", "StreamingDelivery" etc etc
