Quote:Kujou Kazuya is a foreign student at Saint Marguerite Academy, a luxurious boarding school in the Southern European country of Sauville. Originally from Japan, his jet-black hair and dark brown eyes cause his peers to shun him and give him the nickname "Black Reaper," based on a popular urban legend about the traveler who brings death in the spring.

On a day like any other, Kujou visits the school's extravagant library in search of ghost stories. However, his focus soon changes as he becomes curious about a golden strand of hair on the stairs. The steps lead him to a large garden and a beautiful doll-like girl known as Victorique de Blois, whose complex and imaginative foresight allows her to predict their futures, now intertwined.

With more mysteries quickly developing—including the appearance of a ghost ship and an alchemist with the power of transmutation—Victorique and Kujou, bound by fate and their unique skills, have no choice but to rely on each other.

Season(s): 1

Episode(s): 24

Got hooked after only 2 episodes. I should have started watching it way earlier. If you like Anime like: Kamisama no Memochou, Hyouka, Sakurako-san no Ashimoto ni wa Shitai ga Umatteiru, Ghost Hunt, etc. this is the next logical watch. Really good.

Gosick was great, really glad I let Barrier pester me into watching. Only one thing bothered me about the series and it was at the very end as well, but I won't spoil you.

Just watched it. What bothered you at the end? I think it was a really good ending compared to a lot of Anime I watched.

Now this looks like something unique. Will watch it soon.

Its a great series but somehow, I feel it lost its way halfway through. I felt like it changed into a completely different anime near the end and it kind of lost me. Still, great loli mc.

Spoiler [\(Click to View\)](#) The mysteries are super interesting though. At the beginning it started all out with murder, gore, blood, etc. and it seems that it calmed down for a few episodes, filled with innocent cases before going right back in it.

Ah I feel you. Yeah it was kind of awkward as well. I somehow thought Kujou would end up in Sauville for the war and then meet up with Victorique there and that would be the end.

Watching episode 1 and the intro is looking pretty awesome. Hoping the story doesn't fall flat on its face.
