Thread: [New HF Banner](#)

mvmt - December 30, 2016, 10:42 am

What are your guys thoughts on the new HF banner? I think it looks pretty sweet honestly, I like how it constantly changes and its not just the same thing all the time.

Update: Valentines banner has been posted!

?Galaxy - December 30, 2016, 10:42 am

New banner looks pretty cool imo.

J?son - December 30, 2016, 10:43 am

its pretty dope i like it, unlike the other banners

Lord Gray - December 30, 2016, 10:43 am

Did it just appear? I still have a normal one. Gotta clear my cache I guess

NYCVN - December 30, 2016, 10:43 am

It's very clean, incredible work.

I love it!

Academy Awards - December 30, 2016, 10:43 am

I love this new banner! I always go off HF during this time. This time I didn't and I'm glad I didn't. I love that new banner.

TheNitro - December 30, 2016, 10:43 am

Looks dope. Thanks to the one who made it

Mr Whiskey - December 30, 2016, 10:43 am

I REALLY loved Shay's, this one's pretty good too. Doesn't match the purple theme well but I guess it's less popular anyway.

Niccolò Machiavelli - December 30, 2016, 10:44 am

It's being loaded over HTTP instead of HTTPS so the SSL cert is messed up for me.

Egregious Jr. - December 30, 2016, 10:44 am

Looks beautiful, I love it <3

ama - December 30, 2016, 10:44 am

Looks pretty good, ready for New Years.

Apocryphon - December 30, 2016, 10:44 am

I didn't even notice it until I saw this thread, lmao. It looks cool & sexy btw.

This one you posted is much better, I don't think the current one really matches the site ?

I was thinking the same thing, this one is too clean of a design for HF imo.

True, but the design still looks nice so it's fine.

Zeke - December 30, 2016, 10:48 am

Probably the first banner on HF that is graphically somewhat modern.

SIM-3247471 - December 30, 2016, 10:48 am

It looks really nice on the blue theme imo.

Sick - December 30, 2016, 10:53 am

Doesn't look good on the purple theme

But very nice on blue theme

Well done on who ever made it

peaceful warrior - December 30, 2016, 11:06 am

Love this one a lot more tbh but current is sexy too

????s? - December 30, 2016, 11:08 am

Fuck that banner.

I should have won the New Year's Banner!!!!

Minor Ethics - December 30, 2016, 11:10 am

Meh its alright, 17 wasn't a good replacement for the F though imo

ryan? - December 30, 2016, 11:15 am

I mean I'm not trying to hate on the designer or anything, but I think it looks pretty awful. The "17" is a nice idea, but looks weird and it doesn't match Hack Forums in the slightest.

Also running purple theme, though so maybe that's why.

SIM-2501407 - December 30, 2016, 11:18 am

I like it... bit weird, but i like it. I wonder if Omni has anything special planned for this upcoming year.

SIM-403479 - December 30, 2016, 1:04 pm

Looks really good. Best I have seen for a while.

This one was much better, the winning logo just sticks out like a sore thumb. Doesn't look like much effort was put into its creation either.

TOM - December 30, 2016, 1:10 pm

New banner Looks astonishing Happy New year 2017 for all Hackforums Members and their families

dreams - December 30, 2016, 2:43 pm

The 17 that replaces the F, looks a bit weird. Other than that, I think it looks very nice!

Fantod - December 30, 2016, 2:48 pm

Personally i'm not a huge fan, but I like the variety.

Raid7 - December 30, 2016, 2:49 pm

looks pretty good i like it

Mr. WAVES - December 30, 2016, 3:03 pm

It looks nice and modern! Congrats on this one!

Happy™ - December 30, 2016, 3:04 pm

Very modern. Fuck it. OG hackforums was the shit, with the exceptional seasonal Halloween and maybe christmas.

Saltpeter - December 30, 2016, 3:04 pm

I like it, the art style of it looks clean.

Encrypted.exe - December 30, 2016, 3:32 pm

TBH, it looks really good... +1 dude

Brendan - December 30, 2016, 3:38 pm

This one is nice, clean, and simple.

Frankey - December 30, 2016, 3:40 pm

I love this one! It looks modern and is just nice!

7 - December 30, 2016, 3:41 pm

Well i had to turn off flat darkness to see it. But its much better than the normal logo.
I wish Omni made a flat darkness option native theme.

Tatux - December 30, 2016, 3:42 pm

Yeah its cool, i remember the one they had last year, that was good too tbh.

Darvis2112 - December 30, 2016, 3:55 pm

It looks nice, sleek, and elegant.

I love it.

Fish - December 30, 2016, 4:34 pm

I personally thing the banner is sick. it's the best one yet!

mvmt - February 13, 2017, 4:59 pm
