I will post some really old school games

GTA V ?
For Honor (UNRELEASED) ?
H1z1 `?
DayZ ?

uh with oldschool I expected atleast games that were 10-20 years old.

If you want a real oldschoolgame that is fun as shit, play clusterball.

Note that this game isn't that old (around 16 years?)
The game was released on July 17, 2000
