NYCVN - December 30, 2016, 6:51 pm

The pictures are a bit too small for me to read.

Fixing it..not sure why it's doing that

casewill0 - January 7, 2017, 7:16 am

This actually is very, very useful for newbies. Wish something like this was around when I started designing back in the day...!

Well you're very welcome! Glad you liked it.

Zyliao - January 8, 2017, 8:12 am

Nice Idea man , it will help many newbies in Ps (like me :D)

Thank you and no problem!

2SLickZ - January 9, 2017, 6:13 pm

Can you add more details?

Like if I'm trying to make a t-shirt design, what would I need to know? From making the shapes, to adding graphics, etc.

Would be appreciate if you can guide me towards the right direction!

Thanks.

Kenpachi - January 10, 2017, 2:22 pm

Thanks OP. See a lot of tools and not know what the fuck they are. Just started using PS yesterday too

Bad Boy - January 10, 2017, 2:30 pm

I work a lot on Photoshop CS6 and I find your idea very nice to want to help the newbie in their progress in PS ?

D?ceived - January 10, 2017, 2:33 pm

Very nice guide op keep it up!

Roytoy - January 10, 2017, 3:57 pm

Very nice guide. May I advise when considering to upgrade this thread, showcasing how each tool would perform on a test or small icon/image so people would have a visual representation along with the verbal.

Thank you I was considering updating the whole thread w/ video tutorials.

Secluded - January 10, 2017, 4:02 pm

This is a really nice and quick tutorial for beginners. ?

Maybe you could add other tutorials or, as stated above, short videos along with it.

Working on that as we speak ?

fwaal - January 11, 2017, 11:25 am

Know most stuff here already, but taught me some new stuff as well. ?

Maybe you could make a section on layer effects, might help some newbies who are interested in learning graphics design as they can come in quite handy.

Pyrocynical - January 11, 2017, 1:37 pm

This is a good tutorial. Thanks for this.

XavierA7X - January 11, 2017, 1:40 pm

This is a great reference for newbies. Bookmarking this thread :)

Do you own a tutorial for designing text/logo/images or adding effects in PS?

Do you own a tutorial for designing text/logo/images or adding effects in PS?

Working on that, thank you for the kind words though!

MateTemp - March 2, 2017, 8:51 am

Your images dont load anymore OP :/ Please fix that
