Thread: [RDP Cracking tools + Password & User lists \(Scanner & Parser + Bruter\)](#)

?ac??a - January 1, 2017, 4:16 pm

Hello im making my first giveaway for upgraded members on this community.

Giveaway contains:

- VNC Scanner (For scanning IP-Ranges and harvest working hosts).
- Parser for harvested IP-Addresses so you can make list of IP-addresses for brutin.
- Bruteforce tool for handling main work of this job.
- Bunch of User/Pass lists, separated by country.
- Very short instructions how everything work and correct steps.

*After this you dont need anymore spent your last coins for crap wich termination is just matter of time.
