Next Scam As per me :

He has his new forum and i am sure one day he will scam people on his own forum

My Thoughts :

Spoiler ([Click to View](#))

Many of you know i already made a thread over it before, but i ignored him and his scams. and today i was browsing around youtube about hackforums and i saw his video on his yt channel where he is says HF is full of scammers and i seriously got triggered so i made this new thread. HF has been his primary weapon for scamming and see the way how he says as like he's been a victim. if you are in canada please report him online (Anon tip). I never ever wanted to scam a single \$ but he

scammed 70 \$ from my account too. this guy is real cancer to online communities. he is still around Hackforums to do more scams.

as per me he has scammed thousands of \$\$\$.

i really want him to be in jail.

my old thread is kind of messed up. so i made this one tidy for easy to read.

Just so that people will know about him, he is scamming people everyday.

Quote:THE WORLD SUFFERS A LOT. NOT BECAUSE OF THE VIOLENCE OF BAD PEOPLE, BUT BECAUSE OF THE SILENCE OF GOOD PEOPLE

this retard should not be ignored. i decided to make the thread after i saw that video where he says there are scammers on HF while he is biggest in those scammers list.

i want people to report him and get him jailed.

He's only scammed a few people for pennies Imao. The blog post contains 0 proof that he's stole \$5000 from anybody. He's a fat lump of diabetes and you're just giving him attention - I would not be surprised if you were the one behind all of these reports because you're blowing the severity of his scams out of proportion.

I agree with you bro. maybe i just said too much about that guy.

don't mind but this isn't big thing for someone to scam 5000 \$ who scams 200-300 \$ regularly

Find me his real name. I'll run a scan with his name in the Equifax DB to get his information. Might as well take care of this myself lulz

ps: his name is far from being jason rose, it's just an alias
