The logo needs to say "UFC Forums".

It also must be:

All white.

Mostly straight lines (not diagonal lines).

I'm not currently in any rush to have it in. The forum is still being made. Take your time, thanks. :P

It's in beta and hasn't been released publically yet. I'm not so fond of the hosting myself either. I'll be upgrading it all once I'm satisfied that it's ready for release and purchasing a proper domain name.
