Thread: [Female e-whorer - possible partnership](#)

Jolene - January 4, 2017, 1:36 am

Hello everyone :)

I'm looking for some possible business partners. I am a girl using my voice in e-whoring. I don't want to discuss it here, but it's generally the field of JOI. Of course, I also make voice verification audios, record faceless fully clothed videos - RARELY and only if the profit is 90-100%.

I wonder if there's a person with whom I could cooperate and make our e-whoring experience more profitable. I might offer voice verification/joi recordings, etc. for some valuable traffic? You name it ;)

To make it clear: I don't offer nudes, I don't make packs, etc.

If you have some offer, hit me up please :) ?

PS. I have an accent so I will not be suitable for any "pure American or British" ewhore girl :)

PS 2. I'll be accepting payments for the service in btc only.

PS 3. Please notice this: I DON'T OFFER YOU ANY PICTURES/NUDES/CLOTHED PICS/VIDEOS SERVICES. DO NOT PM ME FOR SUCH. Adding it as I'm tired of every second PM suggesting me to provide pictures first "to check if I fit their ewhore"

PLEASE NOTE:

If I had some specific business to offer, I'd do it :) I have something to provide being a girl and I am waiting for you to send me some partnership ideas if you have some :) So please, don't send me PMs saying "what do you offer" or "what's on your mind" :) thank you!

Sometimes there's a situation when you have a sugar dad/trusted customer that will definitely toss more money if you talk to him, do something different than just chat or send a picture. then we might figure something out, make some faceless video (clothed of course), say his name, introduce yourself, etc. However, it's not a typical verification service I'd provide for each potential customer :)

For example, my sugar daddies get a kind of "vlog" from me from time to time, showing them how I drive to work, etc. talking to them. I don't make any sexual content myself :)
