First plan is HQ likes, the one which is LQ is package 4

You can private your account, upload your photo, then unprivate it when you want to receive the likes.

Don't make it private when the likes is filling in

Looking to purchase the unlimited 2000 like package for a month, please private message me and lets get the ball rolling :)

This guy hasn't even been online for a month, so if I don't see results I will need to file a scam report and contact paypal to reverse the order :(

Thank you
