Thread: [What happened to OMC?](#)

Cabo - January 4, 2017, 7:46 pm

Did a brief search but couldn't find much. Just curious to know if the coin is no longer active or what.

Thanks.

Nodes were shut off and the coin is now worthless and delisted from all exchanges. I'll see if I can find the official announcement.

Pretty much can be labeled as "discontinued."

Re opened because I have a new question.

What was the peak value of 1 OMC in USD?

It was ran like a normal alt, and ended like a normal alt.

I was hoping it could be like vbucks, credits, etc but it ended up RIP

Thanks but I was already informed of what happened to it. I'm just curious to what the peak value was.
