I'll open this thread in correct sub-forum

+Haze - January 6, 2017, 3:12 pm

Project Title - A RAT

Project Description - A remote administration tool with inbuilt crypter

Reason (Optional) - bored

or if you can't do that

Project Title - Meme maker

Project Description - An program that creates dank memes

Reason (Optional) - fun

Liquir - January 6, 2017, 3:14 pm

Project Title - L33T Cracker FAM

Project Description - A L33T Cracker that takes 1 min to crack any account.

Reason (Optional) - Cuz its l33t

Zilog80 - January 6, 2017, 3:25 pm

Quote:Estimated developing time must be less that 3.5 hours

Project Title - Console Bird

Project Description - Flappy Birds clone running as console app with 'imba' ASCII art

Reason (Optional) - Cuz games are fun, and console games are fun x10 ?

Onireves - January 6, 2017, 3:42 pm

Wow you're such a genius. Now I can hax mark zukerbish

BahNahNah - January 6, 2017, 3:59 pm

Can you make me a program that rips code of stackoverflow so I never have to write any of my own code every again?

I'm gonna give up bro, I've been working on it and it'll take far more than 3.5 hours, since I almost have to build my own game engine, the idea is nice, but it's gonna take a lot of time

Cairns - January 7, 2017, 10:21 am

Nice to see a bunch of little kids with a lot of shit suggestions somehow thinking they are funny.

Look into httpwebrequests, it's a major part of .net framework and used to communicate with http protocol. From there you should maybe try building an automated bot or somewhat; it can be fun!

I've listed some examples for you:

Pastebin Scraper

Torrent Scraper

Website Seo Statistic Scraper

Multi-threaded File Downloader

Multi-threaded File Uploader

Forum Submitter
