bin: \$75

group is sell on the 17th so do watever u want just no selling buyins / abusing the role
btc only

Vince - January 7, 2017, 12:18 pm

Why only \$75? Seems a bit low for what they use to go for lol

chase. - January 7, 2017, 12:20 pm

I'll start this off with \$10 xD

Dredd - January 7, 2017, 12:26 pm

One can only assume this is a troll thread.

SIM-2501407 - January 7, 2017, 12:33 pm

I think this is serious. Another leader is selling their position for \$100
Owner of the group made a few comments earlier hinting at that it's going to be sold.

(Jan 7, 2017 01:33 PM)Valor? Wrote: [\[CITE\]](#) I think this is serious. Another leader is selling their position for \$100

It probably is, Enigma is the Group worth the "least", due to its lack of Exclusivity and 120+ members.

Heap - January 7, 2017, 12:37 pm

zSerity is selling the group to ra1d. At least that's what he said in ra1d's group GFX thread.

James Burnham - January 7, 2017, 12:38 pm

It is that low because Enigma will be sold to Ra1d and get rebranded.

ryan? - January 7, 2017, 12:40 pm

If you get to keep the spot after it's rebrand, I'll buy it. LMK

A group is not valued like that.
You have no clue.

FWOOP - January 7, 2017, 1:08 pm

Supply and demand

If there's a large supply and a larger demand it's still valuable

If there's a tiny supply and no demand it's still worthless; that's why you can't invent a collectible card and just sell one ever for 10k etc
