Dale has put a lot of time into other projects with me, and his wolfbet ebook suprised me and made me profit. I can personally vouch for him as a seller, used to play csgo with him aswell, this motherfucker studies csgo skin making like no other.

idalistrades - January 8, 2017, 10:16 pm

N??n - January 8, 2017, 11:08 pm

Is it black hat? Grey hat? Morally wrong? I want to make sure this eBook isn't something like

"Scam this nerd lol"

Dale Carnegie - January 8, 2017, 11:11 pm

It's slightly greyhat, can't give too much about it.

have you seen what is inside the ebook?
have you already tried it?
earned something?

I haven't used it as I don't have time to play csgo anymore. I've seen what's inside the eBook, and I've seen dale use these methods back when I played csgo (he never told me the methods then) but they are very unique.

Dale Carnegie - January 10, 2017, 1:55 pm

Still some great methods in here! Let me all know if you have any questions what so ever.

Mr. Robot - January 10, 2017, 3:01 pm

idalistrades - January 10, 2017, 3:49 pm

I am insanely happy, I recently bought this eBook because the previous one dale had also made me profit, and I have to say, I put in around 30-40 minutes of work on the first method and like i said, i'm insanely fucking happy. Here are my earnings (I already had the vulcan, only got the marble fade) So for 24.99 I'd say I made a good return :)

Dale Carnegie - January 10, 2017, 6:09 pm
