You can do that, but all the money would go to him since you won't be reacting to it and no permission lol ?

Like every YouTuber ever, it's not like they'd have much else to do with their time considering their whole job is based around making videos and sucking up to the general fan base

Dredd - January 10, 2017, 4:09 am

It's crazy what some people are willing to do for views. He looks like he is about to have a mental breakdown and the video is really annoying to watch, but it seems like his "work" was worth it.
Getting paid for counting to 100.000, welcome to 2017.
