Thread: [HOW TO GET FREE FOOD AND FREE DELIVERY!](#)

SLY™ - January 10, 2017, 4:50 am

Just came across this had to share and clean it up a little bit. Enjoy

Here's how to get completely free food delivered to you

Only works in US and only in major cities

Postmates runs free food promotions very often and we are going to be taking advantage of these promotions to get as much of the promo delivered completely free.

1. Go to [HERE](#)
2. Sign up Enter your address and look for a free food promo they range from free lattes to free pizza or even free chick fil a
3. Add the promo to your cart and proceed to checkout. Usually you are charged a \$10 delivery fee but we will avoid this by entering promo code "kkcm" this will then make the order completely free \$0
4. Profit your free food to get more just make another account and do the exact same steps if your on a phone use safari to avoid the account getting blocked from adding more promo codes
5. If there aren't any free food promos in your area you can still use the promo code to get any form of food delivered completely free ?

Looks quite nice, pity this doesn't work in the EU.
