Hello, you clearly need to read the sticky in this section, which can be found [Here](#).

- Quote:1. No requests or giveaways for KV's or Xbox Live codes.
2. No warez discussion. You can however discuss mods and jailbreaking.
3. Do not link to warez (sitewide rule).
4. Game Sharing threads are not allowed in this section (use Marketplace).
5. License transfer request and offer threads are not allowed (use Marketplace).

That's the forum rules. Please use the HF Gamers Zone for actually discussing games. Use the Marketplace for anything that's market based.

Thank you.
