Thread: [\[ECCHI\] SEIKON NO QWASER](#)

?aber - January 11, 2017, 6:15 pm

note: I haven't made one of these in two years and my english is shit when typing but this show needs some ai

Seikon no Qwaser

Quote:Seikon no Qwaser is an action-heavy story that doesn't shy away from fan-service. Join Sasha and his allies as they fend off the evil that is nearing in.

Season(s): 2

Episode(s): 36

Ova(s): 1

Genre(s): Action, Super Power, Supernatural, Ecchi, Seinen

I liked this anime alot more as they left out one genre in particular

If you liked Avatar the last airbender and want some real oppai and momo only the true weebz will get the reference.

Just think of it as the japanized Ecchi kawaii desu version as the main character is an iron bender

This anime has to be one of the best ecchi's out there I've ever seen as the plot was decent for me to stay interested

while the fan service was on another level, like higher level than To Love Ru or kissXsiss

It has 36 eps of glorious Oppai , Soma milk , S&M , Loli's and Traps this anime will definitely fit everyone's needs

this is not a hentai by the way it is an anime

ED teaser as the music is amazing
