Hello i'm looking to start e-whoring but i don't know where to start

I have an e-whore pack with pics Teasers,nudes,clothes,verification,etc..But i don't know where to go from there.

Where do i find targets?

What messaging app should i start with I.E KIK,Instagram,Twitter

Any tips and tricks are appreciated.

Thanks

I'd suggest taking AGC especially if you plan on ripping off your customers then and there, but if you want to use PayPal it's up to you since you can easily get limited and chargebacked.

Edit* Feel free to add me on skype for any questions live:wewgeg1 =)
