AXEON FREE RESOURCES VOL 1

FREE THREAD DESIGN

I've decided to make a thread design that people can have and use for personal use. I'd really hope no one tries to sell this or distribute it as their own ? I'll probably do more of these if this goes well. I think the upload will be alive for 30 days and then I'll re-upload if I see it's popular.

If for whatever reason the download is dead, let me know and I'll re-upload. My internet is shit. If you know a decent upload site that will not die, let me know.

This is my first free thread design so please if you find anything wrong with the structuring of the PSD or whatever feel free to inform me and I'll take it into consideration.

TLDR: Free thread design. Don't distribute, don't resell. Enjoy for use on your sales threads.

Enjoy ?
