(Nov 16, 2015 09:18 PM)Freerunning Wrote: [\[CITE\]](#) I got a vouch copy of this service. My mentoring will start tomorrow but as what I observed he is very professional about his job. I will update this after the mentoring.

I did picked the RCE (Remote code execution) since I'm not the popular with it. So let's see how it goes.

(Nov 20, 2015 10:35 PM)HackOnTheGo Wrote: [\[CITE\]](#) So let start off by stating that I am not new to HF(Don't let the noob status fool you). I have written tutorials and have paid for services.

Let me just say I am on my first lesson and it is a great experience! He is friendly, engaging and very cool. He knows what he is doing. Give him a chance and I promise he will not disappointed. If you have no experience in SQL or anything web related he will give you everything you will need to know. I vouch for him. I will keep updated with each lesson. So far amazing. ?

(Nov 23, 2015 01:48 AM)Dream Chaser Wrote: [\[CITE\]](#) Great service, VOUCH for this guy! Definitely knows what he is talking about. Will be doing all the lessons.

(Nov 25, 2015 09:01 PM)HackOnTheGo Wrote: [\[CITE\]](#) Update. Lesson 1 went amazing. We tested on live targets and I saw his teachings in action. He is very knowledgeable, helps you through every problem and will answer any questions you have in great details. I am in the middle of lesson 2. Keep up the good work. :D

(Dec 20, 2016 08:11 PM)Anchovy Wrote: [\[CITE\]](#) Mentoring review for Mats0o0o0:

We began our first session and all I have to say is wow! He is teaching me basics and its amazing. If you are looking to learn from this guy, DO NOT HESITATE ! He was awake at 5 am, and also told me he was sick, and I offered him to stop and continue tomorrow but he is determined to do what you paid him to do so he continued the session, amazing dedication from this guy! Tomorrow I will

be learning more from him and I couldn't be more excited for it. \$50 well spent !

(Dec 28, 2016 09:58 AM)Squints Wrote: [\[CITE\]](#) Just finished my first lesson. I am happy with the material and he is a great teacher. Would recommend if you want to get into hacking!

(Dec 29, 2016 09:12 AM)Dinastia- Wrote: [\[CITE\]](#) Just finished my first lesson, that was awesome. Learned about SQLI, tips that I don't think you will find on some tutorials online. Thanks

(Dec 29, 2016 06:55 PM)Big Shot Wrote: [\[CITE\]](#) I will be purchasing this tomorrow, and I will keep you guys updated on my progress.

Edit:

Lesson1: I've learn alot so far and his knowledge is definitely there. Ik most of the things he's teaching me but he's filling in all the blanks and he answer all questions calmly and respectfully.

I really enjoy talking to him as well as academy , they are very kind and nice to you as if your there friends from the beginning.

(Dec 30, 2016 12:59 AM)Bow N Arrows Wrote: [\[CITE\]](#) First part of the first session went very smooth! & believe me, I'm a total noob & he's taking it very slow with me, explaining every little detail & being very patient with me! So far, so great! Definitely has my VOUCH!

I don't recommend this service. I bought more than a month ago all the package with 4 lessons, and I received instantly one lesson after I bought it. They "forced" me to give a feedback and then, they disappeared and ignored me, saying always "I will be here tomorrow". I also tried to help them saying "I don't need the assisted lessons on teamviewer on skype, you can also send me all the info of the lessons in a txt file", and their response was the usual one "I will send it tomorrow".

EDIT: Since I received a PM from the author of the thread saying that this is a different service because "He's also doing mentoring so it's a different service", I think it's right to specify that I had this issues just with the partner mentor (Mats0o0o0) 1 month ago.
