Thread: [FX Trading Group](#)

Olympus - January 14, 2017, 11:04 pm

FX Trading Group will be a Skype chat where everyone can learn and feed of each others trades and just talk business.

You don't have to be a expert you just have to be someone interested in FX trading and wanting to build a bigger knowledge about it.

A group where you can share your own success with others, A place to assess trades that you are about to make with people that can also look over and see to ultimately lower the risk of a trade 2 people is better then one.

If you are interested reply to this thread and ill shoot you a pm.

Together we can grow rich :)
